

State Political Action Committee *

June 12, 2022

Dear Candidate,

Congratulations! This letter is to inform you that you have been selected to receive the endorsement of Maryland Right to Life State Political Action Committee*. This endorsement is a respected accolade from one of the most recognized pro-life organizations in the state of Maryland.

On behalf of the most vulnerable members of our human family, we thank you for your public commitment to protect the right to life from conception through natural death. Maryland Right to Life recognizes the fundamental value of every human life. Our goal is to protect all human life by working to make abortion, infanticide, euthanasia, and the destruction of human embryos socially, legally, and morally unacceptable and by promoting positive alternatives to these acts.

As an elected official, you will be called to swear an oath to the *Constitution of the United States* as the supreme law of the land. The Constitution affirms that no one can “*be deprived of life, liberty or property*” and deliberately echoes the Declaration of Independence’s proclamation that all are “*endowed by their Creator*” with the “*inalienable*” right to life. Article 24 of the *Constitution of the State of Maryland*, likewise affirms that no person shall be deprived of “*life, liberty or property*”.

Finally, I would like to share this optimistic outlook for pro-life candidates. Nationally, 23% of voters said that the abortion issue influenced their vote and voted for candidates who *oppose abortion*. This compares to just 18% who said abortion affected their vote and voted for candidates who favor abortion, yielding a 5% advantage for pro-life candidates.

On behalf of the Maryland Right to Life State Political Action Committee*, I congratulate you for earning this important endorsement. I wish you great success as a pro-life leader!

Sincerely,
